Re: Letter of Recommendation

To whom it may concern,

It is with great pleasure that I am writing this reference letter in support of Yairon Leibrandt, who will be completing his 3-year Gaming Bachelor's Degree Programme with us at SAE Institute in Johannesburg at the end of this year. I have known Yairon in my capacity as head of department and now head of academics for the duration of his course. Through my observation, I would like to emphasise that he is very driven and interested individual who has demonstrated solid work and a diligent work ethic.

Throughout his course of study, Yairon was consistently achieving and improving, pairing his curiosity and social skills with dedicated hard work and a keen passion for gaming. He is very driven, a natural leader and good communicator.

If you have any questions about this recommendation, please do not hesitate to contact me.

Yours sincerely,

Tracy Stucki
